FROM THE Mayor's Desk

Council deliberated last month on our Long Term Plan. We firstly acknowledge a record number of submitters and thank people for their interest in Local Government and their concerns around rating positions and affordability which was reflected often in the submissions. I and Council would also like to acknowledge the huge amount of work that was done by staff in preparing an amazing document of submissions and the suggestions made in responses to submitters. Certainly one of the drivers of Council during the day was to reduce the rate burden. We are still finalising the final rates position however the indications are that rates may come down slightly on the forecast within the consultation document. In part, this has been achieved because of the lack of need to depreciate fund some of our earthquake prone Council buildings. This decision makes commonsense. Probably one of the most contentious decisions was the decision not to open the swimming pool in Marton over the winter months. To open the pool over those months would have come at considerable expense and Council has also been informed by staff that considerable money may have to be spent on the maintenance of the pool and building. The decision process is not yet complete, we will keep you informed of any decisions.

May 19th was the Rangitikei Heritage Weekend for all the museums in our district. I am a volunteer at Marton so Saturday and Sunday mornings I, like many other Marton volunteers, were needed. However in the afternoons I visited all but one of the museums in our district. My apologies to Mangaweka – I intended to be there but ran out of time with all the travelling. I will try and remedy that in the future. All of our museums are different - Marton focusses on the cottage, stables and prison jail that we have and the archival section being incredibly strong, Bulls is the museum that is open more than any other museum in our district, always available during the day for the travelling public, and has continued to grow. They now effectively have 3 sites – the main museum, the stables behind it and are working in conjunction with the old Bulls Library. Taihape is a real favourite of mine, partly because so many of the old vehicles, tractors and implements parked out the back of the museum I seem to have personally used at some stage or another in my life. Do pop in and have a look at some stage, it's fascinating. For those who are not aware the Hunterville Museum quietly sits in beside and behind the café and I spent some time talking on the Sunday before they closed with a couple of volunteers there. I guess the key message is these are the real gems of our district and I thank the museums for being open and the number of people who went out of their way to see more than one museum over the weekend. **Ngā mihi, Andy Watson, Mayor of Rangitikei.**

TERM 2 2024

Welcome • Haere Mai • Talofa Lava • Bula • Hallo • Susadei

Hello to you all this month from Clifton School. We have all been so lucky with the weather lately and as I write this it is once again shining brightly outside. It certainly makes coming to school and the energy of the children all lift when the weather plays the game. We recently held an enviro day here at school as part of being an enviro school. This involved a whole range of activities around the school including planting trees, weeding and gardening, looking at pests and planting seeds as well as many more. The kids all thoroughly enjoyed it and we look forward to the fruit trees growing and producing fruit in the years to come. I would like to say a huge thank you to Sara and Mike Skates for their organisation as well as Christina and Rowena for their contribution to the day.

All children are wrapped up in their learning at present around Planet Earth and Beyond. This will all come together towards the end of term and culminate in a school Wear a Bull arts display at Te Matapihi just before the big regional one. I am sure that both of these events will be wonderful and we are looking forward to them both.

Last week we took a group of students to the National Young Leaders Day in Palmerston North. This was a wonderful day and the children were all inspired and motivated by the speakers and the activities.

TERM 2 2024

Talofa Lava,

As I write this we are celebrating Samoan Language Week and our tamaiti aoga (students) have planned a fun filled week of learning for us all. We are excited!

Bulls School was fortunate enough to be contacted by TVNZ to participate in a popular What Now segment called Gunge on the Road!

It was an amazing opportunity and a fun filled day! We haven't been told when it will go to air yet but we are all waiting with baited breath.

As we prepare for the winter months ahead we have found illness's creeping in and this impacts on our attendance figures - which are collected daily by the Ministry of Education. I have asked that our whānau take a sensible approach - obviously no-one (adult or child) wants to go far from home when they are poorly - so make the call and keep them home for a day or two until they are feeling better. But if they are just suffering from the winter blues, get them bundled up and off to school. We have warm classrooms, breakfast calfe, most days a hot school lunch and lots going on to take their minds off any winter grumps.

Winter Sports is also all go! I keep repeating this message through our school newsletters but I don't think it can be said too often. Be great side-line supporters. Stay positive, support the referees and remember - these aren't the make or break leagues but more the time your child will develop their sporting attitude. Skills will develop over time, but enjoying your sport and having fun with your mates is what really makes braving the chilly weather worth it!

Have a good day,

The season is underway with 4 outstanding teams taking the court every Saturday in Palmerston North. We still have to pinch ourselves as sometimes its still hard to believe that little old Bulls can produce so many teams!

A new look for us is our Development Team, this is a team that consists of all young high school aged players who are learning to play at a senior level, we are excited to watch them learn and grow over the season.

We are all looking forward to Club Day on the 15th of June, we hope to bring some games back to Bulls, that's never an easy feat as netball teams don't typically travel but we will do our best.

We would like to thank and acknowledge the recent funding we received from Four Regions Trust which will go towards our driveway project which will start soon. This will certainly make the entrance to our club inviting and safe.

Club Champs finals are near completion and we wish all finalists all the best for their matches.

The beautiful warm autumn weather has been a drawcard for several players, which has been great.

In April/May we held several tournaments which drew in a lot of players from throughout the country. Firstly the Pire Wehi Memorial Tournament, with a full field. It was special to have Pire's family there and many of his friends. Secondly a weekend tournament for left handed golfers, and thirdly the famous and popular Cockies (Farmers) tournament. We thank all those people at the club, who did all the work behind the scenes to make sure everything ran smoothly and to all those players who supported these events. ALIVE AND WELL IN BULLS

The little museum that punches above it's weight

Here we are half way through the year and a change in the weather.

Heritage Weekend has been and gone with over 70 visitors through the museum. Other Rangitikei District museums weren't so lucky with numbers but the people who came through thoroughly enjoyed their visit.

Don't forget to come down and have a look through the museum at our new display, Past and Present.

See what business was where, and what business is now in it's place. Who was where Mobil is now? What other businesses have been and gone? Did you know at one stage Bulls had 4 banks in town.

A selection of local soda drink bottles collected from a local farm shed.

Are you aware that Westpac is desperately looking for a new ATM venue?

We have been amazed by the number of enquiries for books to be sent overseas especially from the people who attended the Air force reunion. Thank you to those newbys who have volunteered their services to the Bulls Museum. There still a couple of people who we still need to approach, who have shown their interest. Don't worry, you haven't been forgotten.

The Bulls and District Historical Society members would like to express their condolences to the Dalrymple family with the loss of an amazing family member, Helen Tobin. Although Helen lived in Wellington she was a keen supporter of the Bulls Museum. *We miss her visits and her incredible knowledge.* RIP Helen.

Another event to be aware of is the Wear-a-Bull Arts which is always a fun local event.

Don't forget the Flockhouse reunion looming very soon.

Flock House Buchanan's
