NOVEMBER 2026 - ISSUE 240

YOU HERD IT HERE

Hi Everyone

How lovely have those little tastes of summer been! I know I've loved getting into my garden and enjoying dinners outside. Long may it last!

As usual, it's been all go at the Trust! I've been busy planning our Christmas holiday program, getting ready to join our youth and Golf NZ at the Rangitīkei Golf Course, organising some cool new activities for our After School Program at the Domain, and preparing for the 149th Bulls Rose Show, Christmas in the Park and Fest-a-Bull 2027! We also recently hosted a fabulous Murder Mystery Fundraiser for Shocking Pink, supporting young women with breast cancer. What a fun night! Thanks to our amazing community, we raised over $1,500!

A huge thank you to everyone who attended, donated and helped out. Special thanks to Raewyn Turner for organising around 60 raffles, my amazing volunteers, Jodi from Intrigue for the delicious supper, and the brilliant Amdram Starlets for bringing the mystery to life!

A massive thank you to our generous sponsors: Jeffree Family, Platts Pharmacy, Hair 4 U, Aamod Indian Restaurant, Amaya Indian Takeaways, Bulls Museum, Marton New World, That Little Shop in Bulls, Sanitarium, InterCity, Westpac, Obsessed Nails by Tracy Fenn, Intrigue and Itza A Deal Marton.

We really do live in a wonderful community! Until next time, happy spring, summer or winter – who knows what season we'll get tomorrow!

Kind regards,
Heidi Macaulay - Community Development Co-ordinator

Ruahine Bulls Kindergarten

Ruahine Kindergartens early learning
Te Pūtahi Kura Pūhou o Ruahine

At Ruahine Bulls Kindergarten, Tamariki are supported to learn with and alongside others and to develop relationshiops with their peers. Our buddy bench is a great place to share with friends or for a child to sit if they want to show they are looking for someone to play with. This helps children to develop empathy and learn what it means to be a good friend.

Come and discover for yourself the difference that Kindergarten makes. We would love to show you and your tamariki around.

CLIFTON SCHOOL BULLS

Here at Clifton we are clebrating the success of our show day and then market evening. This day was a fantastic celebration of many of the things that we do here. Show day kicked off with the children taking great pride in the celebration of their exhibits which ranged from cup cakes and sand saucers to artwork and paper mache. We also had a number of lambs and calves that were judged as part of this day. Seeing the pride on the faces of the children and the celebration of each other upon prizegiving is what the day is all about.

In the evening we came together for our market day which was a culmination of the work that the children had been doing around economies and enterprise. All classes spent time creating items to seel at stalls which were a great success. We are very ably helped by a whole range of volunteers who gave up their time to help. Events like this bring the community together around fun laughter and celebration and it was so nice to see everyone enjoying themselves.

The event was also an opportunity for our rock bands to perform to the community as they did in the local Rockband festival on the Regent stage late last term. We are very fortunate here at Clifton with the wide range of opportunities that the children have. Far more than when I was a child.
There has already been discussion of making this an annual event!

Have a great month.

What a wonderful finish we had to Term 3 with our annual Ag/Pet Day! It was fantastic to see so many happy faces, incredible effort from our students, and a great turnout of furry, feathered, and four-legged friends. Thank you to everyone who helped make it such a memorable and fun-filled day for our school community.

Now, Term 4 is officially underway, and we've already hit the ground running! We kicked off the term in vibrant style with Loud Shirt Day, coming together in our brightest patterns and colors to raise awareness and support for children with hearing loss. Our students also showed amazing determination and sportsmanship during our School Cross Country—well done to all our runners for giving it their absolute best!

As we head toward the finish line of another fantastic school year, there's still plenty to look forward to. We have a lineup of exciting events, end-of-year celebrations, and special traditions coming up over the next few weeks including the Monster Christmas Grocery Raffle, so keep an eye out for further details.

Thank you for your ongoing support as we work together to finish the year on a high note!

Planning for the future of Bulls' parks and open spaces

What could the future of Bulls' parks, playgrounds and recreational spaces look like?

That's the question at the heart of the Bulls Domain and Open Space Master Plan, which was presented to Rangitīkei District Council in August and the Bulls Community Committee in October.

Developed following engagement with local sports clubs, schools, community groups, mana whenua and residents, the plan looks at how the town's existing open spaces could better serve the community, both now and as Bulls continues to grow.

One of its key findings is that Bulls already has enough open space to accommodate future growth, but many of these areas need investment to make them more accessible, attractive and useful.

The plan identifies several opportunities, including:

- **Bulls Domain:** Upgrading facilities such as changing rooms, toilets, sports courts and playgrounds, alongside improved parking and opportunities for more events.
- **Haylock Park:** Developing the park into a recreational space with playgrounds and sporting facilities, particularly for families living south of the State Highway.
- **Te Matapihi and other reserves:** Improving playgrounds, seating, landscaping and facilities to create more welcoming spaces for locals and visitors.
- **Walking and cycling:** Better connections between neighbourhoods, parks and the Rangitīkei River, including safer pedestrian crossings.

The plan also recognises the important role that community organisations already play in maintaining and developing recreational opportunities in Bulls.

Importantly, the Master Plan is a guide for future investment, rather than a list of projects that have already been approved or funded.

Its recommendations include working alongside community groups to identify priorities, explore external funding opportunities and consider projects through Council's Long-Term Plan process.

The goal is to ensure that as Bulls grows, its recreational spaces grow with it, creating more opportunities for people to play, exercise, connect and enjoy their community.

Read the full Bulls Domain and Open Space Master Plan on Council's website.

Monthly notes from SRVS

SOUTHERN RANGITIKEI VETERINARY SERVICES LTD

Skin and Ears Month

Notes from our Small Animal Vets

Itchy dogs and cats are a common concern for pet owners. Frequent scratching, licking, or biting can signal allergies, fleas, or skin infections. This time of year, fleas are one of the main culprits, either from a flea allergy or an infestation in the environment. Even if you don't see fleas, they may still be present, as it only takes one to start the itchy cycle. If you spot a flea or flea dirt on any pet, treat all pets in your home with a reliable flea product for three consecutive months. Dry skin, poor grooming, or underlying health issues can also contribute. Left untreated, excessive scratching may cause sores or hair loss. If you're unsure, pop into the clinic - we can help.

Bloat in Livestock

Notes from our Production Vets:

There has been a lot of bloat in cattle around the area recently. Frothy bloat is common in spring and early summer when stock graze lush, legume-rich pastures such as clover and lucerne. Foam forms in the rumen, trapping gas and preventing burping, which causes swelling and breathing difficulty which can be fatal. Prevention focuses on good grazing management and supplementation. Reduce risk by avoiding sudden pasture shifts, feeding hay first, keeping cattle full, using bloat oil, or grazing sheep ahead to reduce clover. If possible, use a rumensin-type product through feed or a dispenser. Note: rumensin capsules are no longer available. Regular monitoring and gradual adaptation to lush pasture are key to prevention.

Horse Hoof Care

Notes from our Equine Vets:

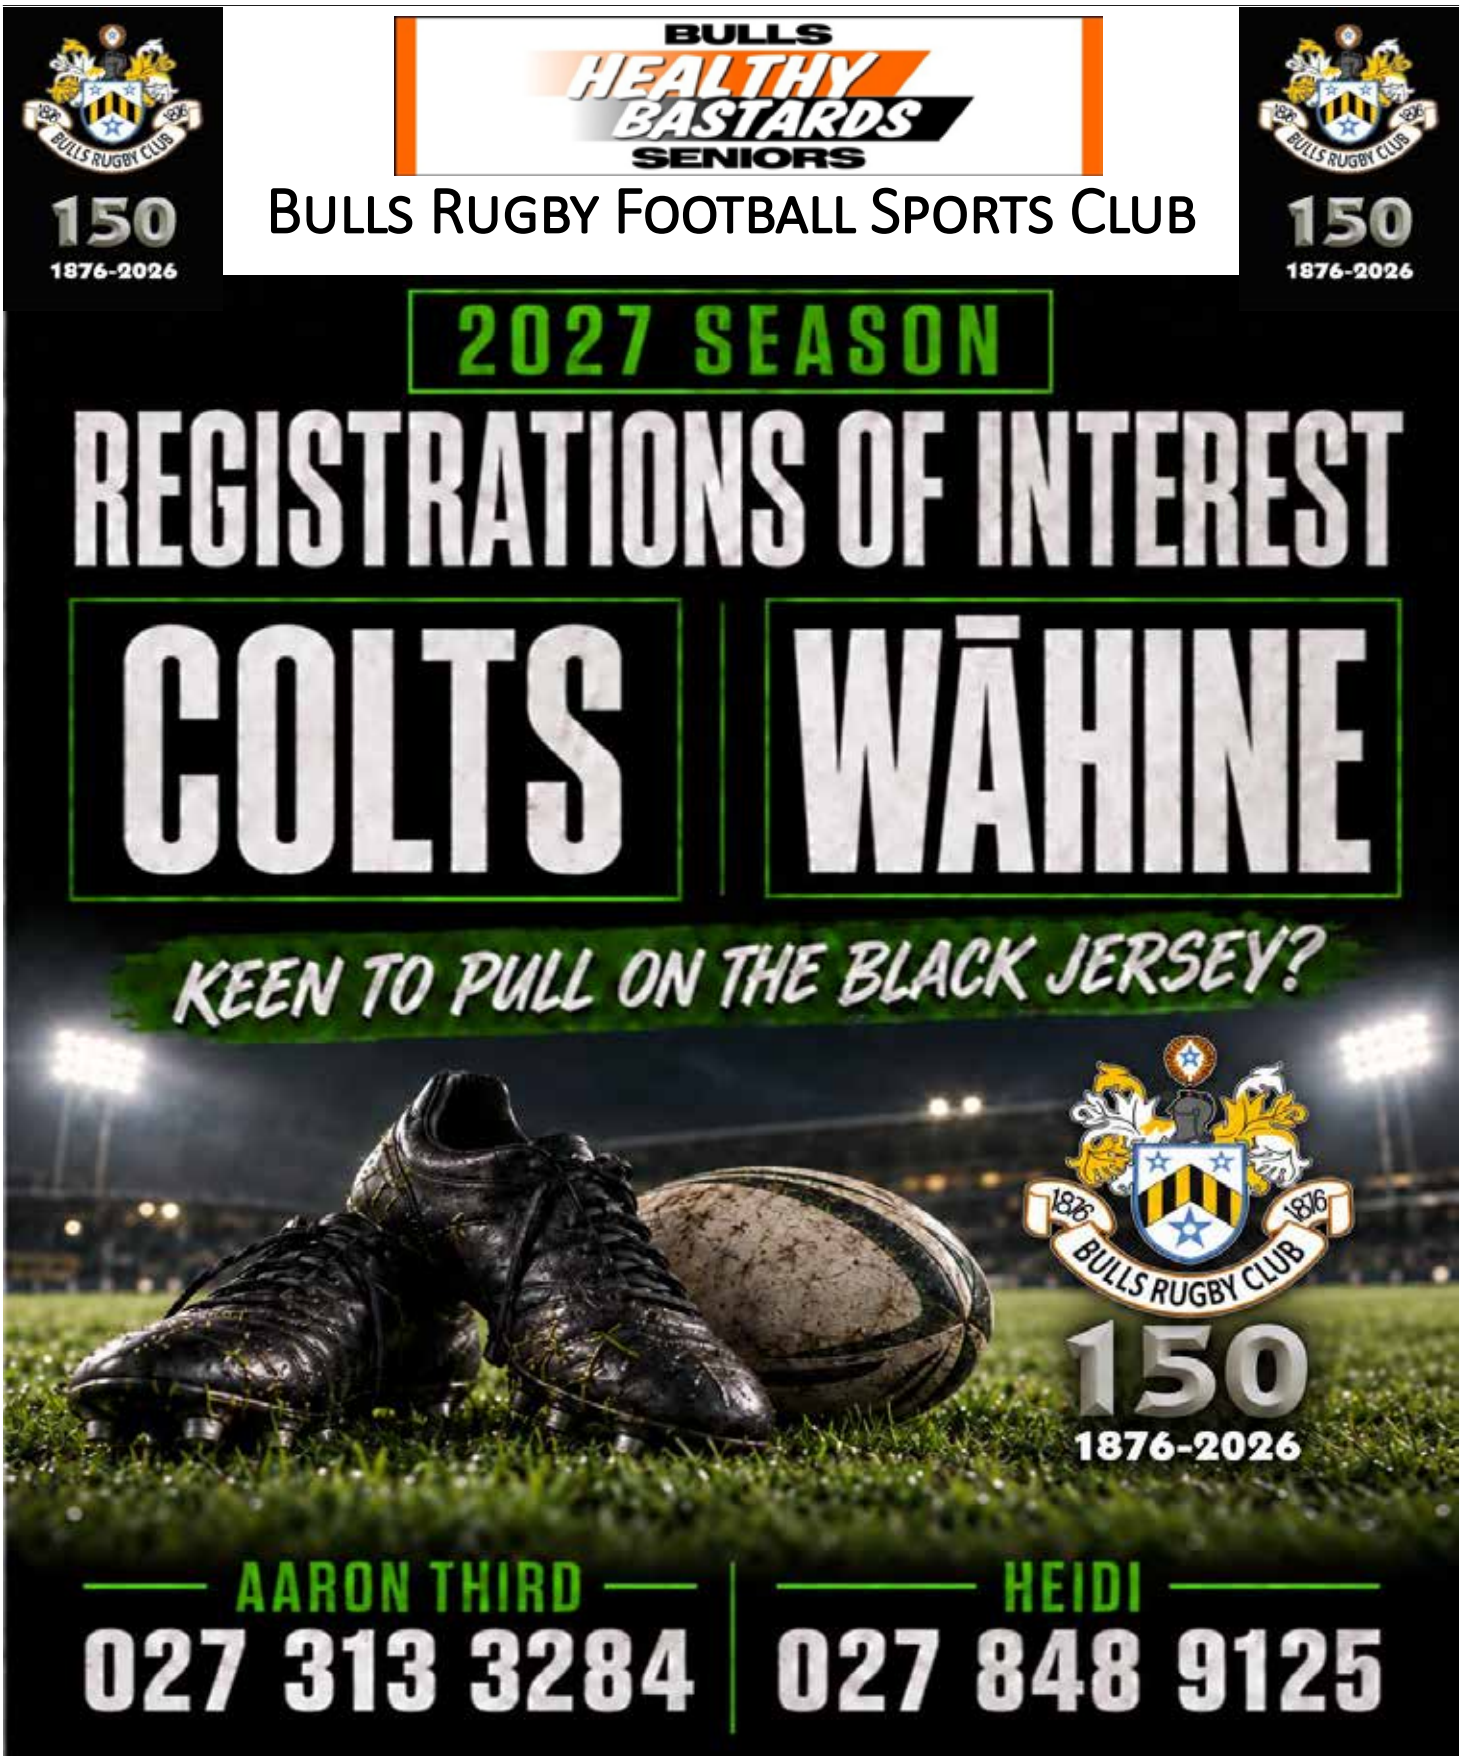

With the varied weather and it still being very wet underfoot, regular trimming and hoof care remains important. We are still seeing a large amount of foot abscesses, these are painful causing mild to severe lameness often accompanied by heat, a strong digital pulse and swelling of the lower limb. Treatment involves opening the abscess to allow drainage, soaking and poulticing the foot by applying a bandage or hoof boot to keep the foot clean . As always with wounds, it is important to check your horse is up to date with its tetanus vaccination, otherwise a tetanus antitoxin is recommended. Please chat to us at the clinic if you have any queries.
